Ahmed Mohamed Fady

fadiahmed298@gmail.com - (+20)100 813 6128 - ahmedfady.me - 6th of October City, Cairo.

Education

British University in Egypt

Bachelor of Computer Engineering.

2019 - 2024
Cairo, Egypt.

Experience

Freelancer, All'ives. April 2023 – June 2023

Frontend Engineer.

• Built a full utility system for Purchasing recourses, starting from viewing an item all way through to payment and shipment.

• Built an admin widget to preform crud operations on the orders, users, categories, and products.

• Built a responsive view for mobiles, tablets, and desktops.

Freelancer, Ahlullah Academy. July 2023 – Oct 2023

Full-stack Engineer.

• Built the backend infrastructure using Node.js, Express.js and a RESTful API architecture. Designed a MongoDB schema and implemented user authentication and authorization systems to ensure secure data handling alongside with crud operation on booking.

• Developed a responsive and user-friendly frontend using Next.js framework to view prices, view courses' details and to book courses.

• Created an admin dashboard for course management, allowing administrators to add, edit, and remove courses, view bookings, and manage user data, streamlining administrative tasks.

Freelancer, Skypoint. Sep 2023 – recent

Frontend Engineer.

• Designed and developed user-friendly, responsive, and visually appealing interfaces that improved the overall user experience. I created wireframes, mockups, and interactive prototypes to ensure a seamless and visually engaging course booking process.

• Utilized a broad spectrum of frontend technologies, including HTML, CSS, JavaScript, and modern frontend frameworks like React. This allowed me to create and maintain various components of the website, delivering a smooth and user-friendly interface.

• Built a responsive view for mobiles, tablets, and desktops.

Skills

Programming Languages: JavaScript (ES6), HTML, TypeScript, CSS/Sass, C/C++, Python.
